Property Details

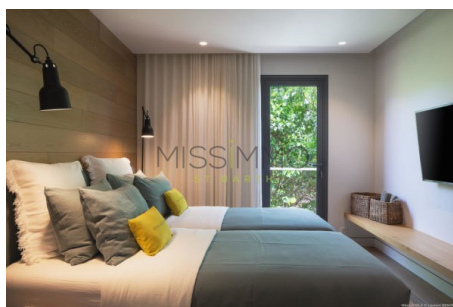

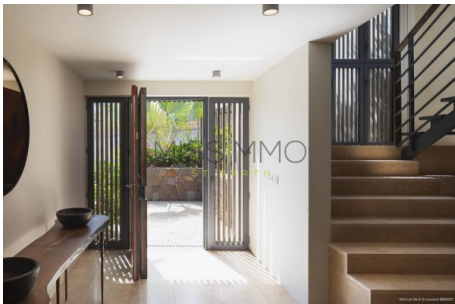

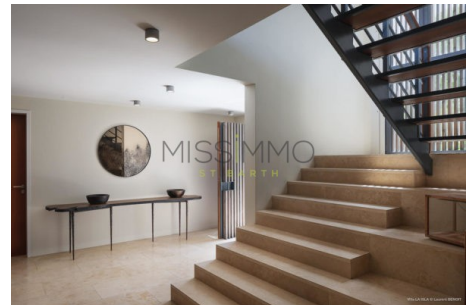

New Construction!!

This brand new 5 bedroom villa was built with great attention to detail. Open the door into the large entry that leads to the elegant staircase to the upper level. On the first floor you will find 4 equal bedrooms each with ensuite. Off of each bedroom there is a dedicated outdoor seating area.

On the main level, you will find the open plan kitchen, living and dining rooms which open onto the spacious deck. The deck has plenty of covered as well as uncovered space so you can either sit in the shade or work on your tan poolside. You will also find the master bedroom on this level.

Completed in the last two years, the villa has only been used by the owners and everything is in perfect condition.
