Villa to Renovate!

This classic 4 bedroom and 2 bath villa is perfect if you are looking for tropical living. The renovation project is composed of multiple bungalows in a classic "St Barth Style." The interiors are a bit dated but the villa has great bones and is just waiting for a swimming pool. The open air living area and covered terrace have stunning views over Lorient Bay. Each bedroom offers privacy but could use a facelift. Located in Lorient, it is close to several shops and only a couple of minutes to St Jean Beach and all it has to offer. Bring your architect and turn this classic villa into your dream home!
